## PUBLISHER'S NOTE

This issue of *Florida Design's Miami Home & Decor* will complement the colorful cultural scene that makes Miami the haute spot for all things artistic. The 10th edition of Art Basel/Miami Beach will transform Miami Beach and its environs into a powerhouse entity of the art world, where art connoisseurs rub elbows with celebrities and designers at many of the area's fine dining establishments such as DB Bistro Moderne at the JW Marriott Marquis. This 10th-anniversary event will bring attention to a myriad of "must-see" events throughout the winter season including Art Miami and Design Miami/ in December, and David and Lee Ann Lester's Miami International Art Fair aboard the SeaFair, shown above, in January.

And we trust that *Florida Design's Miami Home & Decor* and [floridadesign.com](http://floridadesign.com) will be the perfect accompaniment this season with thousands of design sources by category to get ideas from as well as a preview of the art and design shows, luxury homes for sale and over one thousand of the top hotels worldwide.

An exciting venue, the Miami International Art Fair (MIA) will be hosted aboard SeaFair's 228-foot megayacht, *Grand Luxe*. This fine art yacht will be docked at the InterContinental Hotel Dock from Jan. 12-16, 2012. "Getting aboard is by invitation only," says Lee Ann Lester, co-founder and organizer of MIA. Art collectors and enthusiasts will board the vessel, enjoy an evening of cocktail receptions, tour its art galleries and have the opportunity to purchase artwork from 28 international galleries presenting both established and emerging artists. Works will include contemporary, cutting-edge paintings, photography, mixed-media, sculpture, installation and video. "We hope SeaFair's participating galleries will act as art ambassadors generating an interest in local art and cultural establishments," Lester says.
